NOW AVAILABLE FOR REVIEW

Winter Park, FL, March 19, 2023 - Leslie Collins announces the publication of *Fictional Stories from a Fictional Mind*, a collection of three short stories that explore love in different angles. The collection will be released on Smashwords for \$1.99 on April 1, 2023.

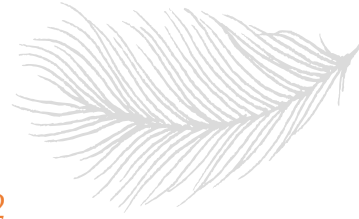

An average laundry day turns into a magical adventure when lost soles seek their mate in a witty series of events. "Attack of the Sole Mates," a heartwarming story reveals what happens when socks go missing. From flying laundry pods to mysterious portals this story will leave you in awe by the events that unravel.

In "Snow Proud," Drew a young man seeking his father's approval, is determined to win the one-hundredth annual igloo building contest. When he's paired up with Lily, once friend now foe, who doesn't seem as determined as he is, Drew learns sometimes there are more important things in life than winning.

Lastly, "Fool Me Once" is a story about love, lust, and revenge. When Detective Halburn responds to an urgent call, he finds Patty, the wife of a notorious drug smuggler, hiding out in a rundown motel. Inspired by a black and white photo, this story shows there are many sides to love including revenge.
