EMERGING AUTHOR ELLE LITTLE RELEASES A ROMANCE TITLED SOCIAL DISTRACTION. AVAILABLE ON KINDLE.COM.

Troy, OH, November 22, 2024 - Emerging author Elle Little announces the publication of her first romance *Social Distraction*, a story that tells how to love again. The novel will be released on Kindle.com on February 14, 2025.

Vivian, a young publicist struggling to move forward in life, lands a job working for Letters From Vegas, one of the most infamous bands in Las Vegas. Thrown into an unfamiliar world filled with strangers, she turns to social media as her refuge, searching for a sense of self and stability.

Silas, the band's guarded lead singer, is no stranger to disappointment. Years of dealing with publicists who tarnished their name have left him skeptical and unwilling to trust. To him, Vivian is just another face in a long line of letdowns. But beneath his tough exterior lies a secret—one that could change everything if revealed.

This story takes you on a heartfelt journey through the perspectives of Vivian and Silas, as they navigate their insecurities, learn to trust, and discover the power of love in the most unexpected places.

Leslie Little is an author and blogger specializing in romance, fantasy, drama, and science fiction. She earned her BFA in Creative Writing from Full Sail University in June 2024 and is pursuing a master's in Entertainment Business. Also a painter and illustrator, Leslie creates interactive stories and dreams of launching her own publishing company.
